Cedar Hall's Online Payment System

Over two thirds of our parents are now using our on-line payment system which is helping to reduce the amount of cash that comes into school, making paying for school activities safer and more efficient. The system is called School Gateway. If you haven't already signed up, this is what you need to do:-

1. Go to www.schoolgateway.com 2. When you visit the website for the first time, please select 'New User' and enter your email address and mobile telephone number you have registered with the school. 3. The system will send a PIN code to your phone; please enter this PIN code and your account will be activated for you.

As soon as you've got the system set-up, you'll be able to pay money to the school online rather than sending in cash or cheques. There is also an app available to download, making the system even easier.
